Flat Screen

Curved Screen

NS Euphoria Series 300

Two beautiful screens are available in the Series 300 range of bath screens. One is a highly luxurious and attractive curved screen that sits just inside the bath, whilst the other is a flat version that sits along the edge of the bath.

Both screens offer protection from water leakage by using a fixed panel from which the hinged panel can be positioned.

Both screens have chrome frame with 6mm toughened glass.
